Genting Highlands - Amidst the freshness of cool, crisp mountain air about 6,000 feet above sea level, lies Malaysia's only casino resort. Stop at the cable car station and take a skyway cable car ride, with the sky above you and a tropical rainforest below, ride up to the hilltop on the longest and fastest cable car in southeast Asia. You can also take time off to enjoy the numerous recreational facilities at the indoor and outdoor theme park.

Bukit Tinggi - "The Unique French Village" - Colmar Tropicale is the unique French-themed attraction at Bukit Tinggi Resort. It stands 2,600 feet above sea level on 80 acres of natural forestland. The first of its kind in Malaysia, it is modelled after the 16th Century Colmar Village in Alsace, France and has retained the authenticity and European feel of its counterpart. Submerge yourself in the French countryside ambience at Colmar Tropicale as its beautiful architecture and furnishings bring you back to times of yore.

For photo snappers, Colmar Tropicale is a haven with the castle drawbridge at the entrance being a favourite. Watch swans along the moat, sit around the square's fountain, wishing well and climb up the viewing tower for a grand spectacle of the resort and the picturesque cuckoo clock tower which was designed after the Riquewih Tower, France.
